Dear 5.1.2e

Thank you. This is important as authorities in Belgium are referring to that study but without sharing study and thus there is no way stakeholders can usefully comment on the levels being set.

Do you have a timeframe for the publication?

Thank you and kind regards. 5.1.2e

Dear 5.1.2e

Could I please bother you and ask if you could help me get access to the following unpublished study from 5.1.2e entitled 'Risicogrenzen PFOS voor grond en grondwater'.

This study is being used by regulators to set soil remediation values even though it has not been made fully accessible to stakeholders.

Thank you very much in advance and kind regards. 5.1.2e

Dear 5.1.2e

I assume you have seen the announcement on the call for evidence regarding the PFAS restriction.

**Subject:** Follow up from AmCham EU meeting

Dear 5.1.2e

I hope you are doing well in these troubled times.

We met in 2018 as I was part of AmCham EU delegation who came to visit RIVM to discuss a range of REACH issues.

I understand that RIVM is currently working on a future PFAS restriction, and wanted to understand how Industry, including AmCham EU members, can best get engaged and contribute to the elaboration of this

proposal in its different phases.

Would you be available for a quick call on this? That will not be long I promise.

Thank you and kind regards. 5.1.2e
